

Geo-Clean

Green Chemistry, Concentrated Multi-Purpose, Cleaner/Degreaser

Geo-Clean is a safe to use, environmentally friendly, concentrated general purpose cleaner and degreaser, for use on all kinds of hard surfaces including resilient tile, ceramic tile, fiberglass, concrete, sealed wood, painted surfaces, stainless steel, formica and glass. Geo-Clean does not contain any ingredients currently present on any state or federal hazardous chemical listing, is phosphate free and biodegradable. The absence of any hazardous chemicals makes Geo-Clean safer to use, yet provides effective cleaning action even under heavy soil conditions. Its moderate foaming action helps loosen and suspend soils, and allows its effective use in auto-scrubber, mop-on, and spray cleaner applications.

APPLICATION & MAINTENANCE

All flooring surfaces: Dilute Geo-Clean 2 ounces per gallon of warm water. Apply with either a mop or automatic scrubber. For particularly heavy soil, dilute Geo-Clean 4 ounces per gallon of warm water. Allow diluted solution to stand for several minutes, then agitate with a 175-300 Rpm scrubbing machine. Mop or vacuum up the dirty solution. If cleaning is done prior to floor finish application, the floor should be damp-mopped with clean, warm water to remove any light detergent residue.

Shower Stalls, Urinals, Toilets: Dilute Geo-Clean 4 ounces per gallon of water. Apply the diluted solution to the soiled surface with a trigger or pressurized sprayer. Scrub surfaces using a brush or sponge. Rinse with clean water.

Spray cleaning: Dilute Geo-Clean 2 to 4 ounces per gallon of water. Apply the diluted solution to the soiled surface with a trigger or pressurized sprayer. Remove the loosened soil with a clean cloth, rag or sponge.

Windows and Plexiglass: Dilute Geo-Clean 1/2 per gallon of water. Apply the diluted solution with a trigger or pressurized sprayer. Remove soil with paper towels, cotton cloth or window cleaning tool. Wipe windows dry with a clean dry cotton cloth.

SPECIFICATIONS

Active Ingredients	Detergents
pH	9.0-10.0
Free Ammonia	None
Free Alkali	None
Free Acid	None
Phosphates	None
Abrasives	None
Color	Green
Odor	Herbal
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	N/A
Weight Per Gallon	8.5
Biodegradable	Yes
Soil Suspension	Excellent

SAFETY INFORMATION

Health	1
Flammability	0
Reactivity	0
Personal Protection	A

Read Safety Data Sheet thoroughly before using.

This product is not a hazardous mixture as defined by OSHA in 29 CFR 1910.1200. NOTE: Keep Out Of Reach Of Children. Product may cause eye irritation. In the event of contact with eyes or skin, flush area with water. In the event of eye contact, if irritation occurs, contact a physician. If ingested, seek immediate medical treatment.
